

Jennifer Pero

Wichita, KS - jennycpero@gmail.com - 316-670-7256

Portfolio Website: jennycpero.github.io

Objective:

A senior computer science student looking for summer internships in data analytics, technical writing, UX writing, or web development.

Education:

BS in Computer Science – Wichita State University

August 2021 – present (transfer student)

- 3.837 GPA
- Graduating Fall 2024
- Relevant Coursework: Database Systems, Probability and Statistics, Web Programming, Data Structures, Object Oriented Programming.

Technical Writing Certificate – Butler Community College/JEROnline

Fall 2022 – Spring 2023

Experience:

Student IT Contractor – Ennovar / Textron Aviation

August 2021 – present

Assigned different data analytics, technical writing, and IT opportunities at Textron Aviation. Some of my projects include the following:

- Producing documentation and assisting with PowerBI tickets for the IT Data & Analytics team.
- Redesigned and troubleshooted the ticket metrics for the IT help desk.
- Performed data entry and other duties for the HR Compensation team.
- Provided IT assistance for Textron Aviation employees.

Technology Intern – INTRUST Bank

May 2023 – August 2023

- Compiled changelogs documenting the custom changes and fixes made to various systems within their core banking platform.
- Developed a business requirements document for a tool that would streamline the interview scheduling process.
- Shadowed the Data Analytics and IT teams to fully understand their architecture and roles.

Skills and Knowledge:

- **Data Analysis:** Python (pandas, matplotlib), SQL, PowerBI, Tableau, Alteryx
- **Web Development:** HTML, CSS, JavaScript, PHP
- Microsoft Office, Figma, Photoshop
- Git and GitHub
- Linux and CMD commands
- Excellent oral and written communication
